SUBJECT: Political Campaign Activities

Please be reminded as another round of elections approach this November that Board of Regents policy and state and federal laws prohibit the use of Georgia Southern University property and resources for political campaign purposes, except in very limited circumstances. As a general proposition, Georgia Southern University, as a not-for-profit governmental entity, cannot sponsor or advance political campaign activities of particular candidates. Although candidates are permitted to speak in designated areas of campus, political advertising using any university resource is not permissible. If you have any questions on these matters, please do not hesitate to call the Office of Legal Affairs for further information and guidance.
